

What's Happening Spring Newsletter

Hello everyone

Welcome to our newsletter which will give you all an update on what's happening and, of course, what's happened. The big news is that we have changed our name from Wirral Holistic Care Services to The Holistic Cancer Centre. For a long time we have had people coming to us from much further afield than the Wirral and, as you know, we never turn anyone away. Moreover, we felt it is important to include "cancer" in the new name to give everyone, especially people who had never heard of us, a clearer understanding of what we do from the start.

We now have a new website which is www.holisticcancercentre.org.uk so please check it out. Nothing has changed in terms of the help and support we give to anyone with a diagnosis of cancer but we hope in the future to help more and more people.

Latest News

We have been fortunate to receive grant aid for some exciting new projects.

Men's Support Group at the Centre!

Everyone at The Holistic Cancer Centre would like to extend sincere thanks to all the

National Lottery players who made this possible through a grant of £9,944 from The National Lottery

Community Fund to set up and run our Men's Group.

Counselling

Counselling is a vital part of the support and care we provide,

Post covid there is much more demand for our care, many people experienced great distress and isolation and, sadly, many lost loved ones. As a result the need for counselling has increased significantly in comparison to our other therapies, living with cancer is traumatic enough.

The John Moores Foundation has given us £6,000 to help us provide this vital service.

Not forgetting –

£3,000 from The W O Street Foundation towards running costs

£460 from The Percy Bilton Foundation for an Indian Head Massage Chair
